

JEPPESEN ACADEMY - TRAINING SERVICES

2014-2015 GLOBAL COURSE SCHEDULE

WORLDWIDE TRAINING

Jeppesen Academy offers a wide range of basic through advanced training courses in either online or live classroom settings. All classes are available for either individual or group registration. Groups can schedule custom class dates at multiple locations, or at any customer training facility, worldwide. Pricing outlined in this schedule represents individual student costs however discounted group pricing is available upon request.

For course details information please visit us at www.jeppesen.com/training. To register for any class, please complete our registration form at www.jeppesen.com/trainingregistration, contact us by phone 303-328-4423, or by e-mail at jeppesenacademy@jeppesen.com.

ICAO Level 4 Aviation English and custom Pilot/Dispatch courses are available at all locations.

ONLINE CLASSROOM TRAINING

The Jeppesen Virtual Learning Program (VLP) is an online distance learning solution. VLP classes are not computer based training as all class sessions are the same instructor led training as experienced in our live classrooms, just attended over the internet. VLP students are held to the same live classroom standards by way of interacting with instructors using webcams, 3-D avatars, and Voice over IP. This online program provides customers with a more travel conducive and cost effective means to attending instructor led training.

LIVE CLASSROOM TRAINING LOCATIONS

- ✦ Denver, Colorado, United States (Jeppesen Headquarters)
- ✦ Dubai, United Arab Emirates (Emirates Aviation University Facility)
- ✦ Frankfurt, Germany (Jeppesen Facility)
- ✦ London, United Kingdom
- ✦ Kuala Lumpur, Malaysia (Malaysia Airlines Academy Facility)

PROGRAM TAILORING

Jeppesen can tailor our training programs to fit your operational needs, including training on specific aircraft types, company operating specifications, and specific tools used on the job - such as electronic charting, flight planning, weather analysis, airport analysis, and more. Contact us today for more information.

TRAINING PREREQUISITES

Training customers must be able to read, write, speak, and understand the English language. Applicants must also have an understanding of basic math and physics, and hold a high school graduation or higher education.

VIRTUAL LEARNING PROGRAM OVERVIEW

The Jeppesen Virtual Learning Program (VLP) is an internet based application which enables Jeppesen training customers to log into an classroom environment and use an avatar in conjunction with full screen presentations, voice over IP audio, text chat, and visual interaction with the instructor and peers via avatar and webcam. The VLP environment is currently being used to provide customers with a flexible delivery option when travel logistics and expenses warrant a distance learning option. All of the Jeppesen courses are available over VLP, including;

- International Flight Operations for Pilots or Dispatchers
- Charts and Navigation Workshop
- Airspace Systems Workshop
- Aircraft Performance / ETOPS
- FAA/NAA Dispatcher Certification
- Dispatcher Recurrent

All classes are instructor led and utilize the same student interactivity standards as employed in our live classroom environments.

VIRTUAL LEARNING SUITABILITY

To use the Jeppesen Virtual Learning Program (VLP) customers must first ensure sufficient internet bandwidth, proper computer equipment, and company firewall testing prior to registration. The steps below will guide you through testing your equipment.

STEP ONE: EQUIPMENT REQUIRED

1. Computer with high speed internet connection.
2. Quality headset with audio capability (iPhone type headsets often work).
3. Webcam for student identification (optional).

STEP TWO: TEST EQUIPMENT

1. Access Virtual Learning Environment (VLE) by selecting the following link; <http://avayalive.com/Engage/Overview.aspx>
2. At this point you should have entered the Virtual Learning Demo Environment. Click the screen to access.
3. Press "w" to walk and ensure you can hear yourself walking using your headset with audio capability.
4. Test webcam: right click and select "collaboration", then "share webcam".
5. If you can access the Virtual Learning Demo space, hear yourself walking around, and see your avatar and webcam then you meet minimum equipment to register for the VLP.

STEP THREE: FINAL REGISTRATION

1. Proceed to Register for the Virtual Learning Program by selecting the following link: <http://www.jeppesen.com/trainingregistration>
2. After you register a Jeppesen representative will contact you and guide you through the registration process including invoicing and student materials for the course.
