

## How to Manage JeppView Installs on MyJeppesen.com

- Log-in with your universal login (works on MyJeppesen.com, Jeppesen.com and JeppDirect.com)
- Click on “Manage Installs” drop-down and select “Manage Installs”

- Here you will find all your subscription installs (also known as application IDs or site keys) and additional information associated with your account

**Manage Installs** Customer No. 12 [REDACTED] 1 CONTACT TECH SUPPORT »

Created	Installs	Status	Device Name	Comments
03/14/2013	DFDD-VEGP	Active <span>4</span>	MobileFDALLYSONSIPAD	

### Install Management Options:

1. Export install information to Excel or PDF format
2. View how many installs you currently have available
3. View the time remaining on your JeppView subscriptions
4. Deactivate installs
5. Associate your active installs with aircraft tail number or specific device (see additional information on the next page)

### 5a. Associate your installs with an aircraft:

- **Required:** tail number, make and model
- **Optional:** aircraft name, serial number and year
- Open “Select the aircraft to associate this product with” dropdown to associate a tail number already saved on the account with the install
- If you need to add a tail number first, click on the “add aircraft to this list” button

### 5b. Associate installs with a device:

- Open “Select the device to associate this product with” dropdown to associate a device already saved on the account with an install
  - If you need to add a new device, click on the “add device to this list” button
- **Note:** If you enter the wrong information in the “Associate your product” fields, you will need to contact a customer service center to change the information.
