

JEPPESEN.

Marine Navigation Alert

Jeppesen MARINE NAVIGATION ALERTS contain significant information affecting Jeppesen Charts and/or Technology. They are regularly updated at www.jeppesen.com/marinealerts/

Date: July 25, 2011

Subject: Positional shift - Jeppesen Charts 22-0510A, 22-0510B and 22-0510C, covering Pender Harbor and Turnagain Is. in British Columbia, Canada.

Affected Products: C-MAP NT, C-MAP NT+, C-MAP MAX, C-MAP MAX Pro, C-MAP 4D (see Table 1 at the end of this document for a detailed list of affected products)

Jeppesen hereby notifies customers that the Jeppesen products listed above are displaying charts 22-0510A, 22-0510B and 22-0510C with an erroneous positional shift. The shifted charts correspond to Canadian Hydrographic Service chart 3535 covering Pender Harbor and Turnagain Is. in British Columbia, Canada.

When displaying these charts, the affected Jeppesen products show chart features incorrectly shifted, if compared to the GPS position of the vessel.

Jeppesen recommends that customers using the affected products update their navigational database to the next version as soon as it becomes available in October 2011. Jeppesen can provide an earlier version of the product for customers that are concerned about those areas.

Additional Information

Jeppesen Marine reminds navigators that nautical chart information is constantly changing.

National Hydrographic Authorities periodically publish new and updated information. As it is received, Jeppesen Marine incorporates the updated information into new and existing products. These changes are available to our customers for purchase.

Therefore, navigators should check their Jeppesen Marine charting products to make sure that they have the most current version available. If your charts are out-of-date, Jeppesen Marine strongly urges you to update them via Jeppesen Marine directly, or through authorized resellers.

Jeppesen electronic charts are an aid to navigation designed to supplement, but not replace, the use of authorized government charts and Notices to Mariners.

Marine Product Change Notices are published to inform users of errors in Jeppesen navigation products. They are distributed to affected Jeppesen users (shipping companies, OEMs, and other data users) and to registered marine customers receiving data products directly from Jeppesen. Notices are not distributed by Jeppesen to individual non-registered mariners, but are available to them on the Jeppesen Web site, www.jeppesen.com/marinealerts/. Different plotters and computer systems use and display Jeppesen data differently. Users should consult with their database update service provider for definitive information on whether their system is affected by this Notice.

Marine Navigation Alert

Table 1. Use the following table to determine if you are in possession of product databases affected by this notice, as well as to find out the release date of updates to each affected product.

Affected Products:	Affected databases/cartridges	Corrected databases/cartridges	Release Date
C-MAP NT	M-NA-B258.24, M-NA-B258.25 M-NA-B258.26, M-NA-B283.20 M-NA-B283.21, M-NA-B283.22	M-NA-B258.27, M-NA-B283.23	10/2011
C-MAP NT+/NT+ on PC	M-NA-C701.24, M-NA-C701.25 M-NA-C701.26, M-NA-C704.23 M-NA-C704.24, M-NA-C704.25 M-NA-C913.11, M-NA-C913.12	M-NA-C701.27, M-NA-C704.26, M-NA-C913.13	10/2011
C-MAP MAX /MAX on PC	M-NA-M025.11, M-NA-M025.12 M-NA-M025.13, M-NA-M035.00 M-NA-M035.01, M-NA-M035.02	M-NA-M025.14, M-NA-M035.03	10/2011
C-MAP MAX Pro	M-AA-P000.12, M-AA-P000.13 M-AA-P000.14, M-NA-P013.12 M-NA-P013.13, M-NA-P013.14 M-NA-P701.12, M-NA-P701.13 M-NA-P701.14, M-NA-P704.12 M-NA-P704.13, M-NA-P704.14 (i.e. DB25, DB26, DB27)	M-AA-P000.15, M-NA-P013.15, M-NA-P701.15, M-NA-P704.15 (i.e. DB28)	10/2011
C-MAP 4D	M-NA-D025.03, M-NA-D025.04	M-NA-D025.05	10/2011
C-MAP MM3D	MWVJNAM035MAP1.1, WVJNAM025MAP1.2, MWVJNAM035MAP2.1, WVJNAM025MAP2.1	MWVJNAM035MAP3.1, WVJNAM025MAP3.1 (to be confirmed)	11/2011 (to be confirmed)

Marine Product Change Notices are published to inform users of errors in Jeppesen navigation products. They are distributed to affected Jeppesen users (shipping companies, OEMs, and other data users) and to registered marine customers receiving data products directly from Jeppesen.
