## *Marine Product Change Notice*

Jeppesen Marine Product Change Notices highlight changes affecting Jeppesen Marine line of products, also regularly updated at [www.jeppesen.com/marinealerts/](http://www.jeppesen.com/marinealerts/)

**Date:** February 24, 2009  
**Subject:** Missing chart NZ 5322, Auckland Harbor East  
**Affected Products:** C-MAP MAX, C-MAP NT+, C-MAP MAX/NT+/PC SELECTOR, C-MAP NT, C-MAP MAXPRO (see *Table 1 at the end of this document for a detailed list of affected cartridges and databases*)

Jeppesen wishes to notify customers that its chart NZ 5322 covering the East area of Auckland Harbor, New Zealand, is missing from the Jeppesen Marine products described above. This error has been fixed; corrected versions of these products have been released to our distributors in the area.

Please contact Jeppesen Marine for instructions on how to update a product affected by this notice. Table 1 on the next page specifies the release dates of updates to the affected products.

### **Additional Information**

---

Jeppesen Marine reminds navigators that nautical chart information is constantly changing.

National Hydrographic Authorities periodically publish new and updated information. As it is received, Jeppesen Marine incorporates the updated information into new and existing products. These changes are available to our customers for purchase.

Therefore, navigators should check their Jeppesen Marine charting products to make sure that they have the most current version available. If your charts are out-of-date, Jeppesen Marine strongly urges you to update them via Jeppesen Marine directly, or through authorized resellers.

Jeppesen electronic charts are an aid to navigation designed to supplement, but not replace, the use of authorized government charts and Notices to Mariners.

Marine Product Change Notices are published to inform users of issues in Jeppesen navigation products, that aren't urgent by nature. They are distributed to affected Jeppesen users (shipping companies, OEMs, and other data users) and to registered marine customers receiving data products directly from Jeppesen. Notices are not distributed by Jeppesen to individual non-registered mariners, but are available to them on the Jeppesen Web site, [www.jeppesen.com/marinealerts/](http://www.jeppesen.com/marinealerts/). Different plotters and computer systems use and display Jeppesen data differently. Users should consult with their database update service provider for definitive information on whether their system is affected by this Notice.
