

JEPPESEN[®]
NavData[®] Alert

!! URGENT !!

Date: 03 February 2010

Subject: Van, Turkey
Ferit Melen (LTCI)
VOR [CVOR]
Cycles 1001 and 1002

Incorrect Missed Approach Coding

Jeppesen NavData for cycle 1001 and 1002, effective 14 January 2010 and 11 February 2010 respectively, contains incorrect missed approach coding on the VOR [CVOR] approach procedure for Ferit Melen Airport; Van, Turkey (LTCI). The correct missed approach coding should read "Climbing turn left on R-282 outbound to FL 110, then climbing turn left to VOR to FL 130 and hold".

THEREFORE, DO NOT USE THE MISSED APPROACH FOR THE VOR [CVOR] APPROACH PROCEDURE IN CYCLE 1001 AND 1002 NAVDATA.

Revised coding will appear in Jeppesen NavData for cycle 1003, effective 11 March 2010. Until then an entry will appear in the NavData Change Notices beginning 12 FEB 10, and this Alert will be posted on the Jeppesen Web sites:

(<http://www.jeppesen.com/company/alerts/aviation-alerts.jsp?region=Western%20Europe%20%26%20Mediterranean>) and
(<http://www.jeppesen.com/company/alerts/aviation-alerts.jsp?region=Middle%20East%20%26%20South%20Asia>).

Please refer to the Van, Turkey (LTCI) 13-3 chart dated 15 JAN 10 for valid information.

WE STRONGLY URGE YOU TO MAKE THIS INFORMATION AVAILABLE TO APPROPRIATE CREW MEMBERS OR CUSTOMERS IMMEDIATELY!

If you have questions concerning this NavData Alert, please contact Jeppesen Technical Support at:

Phone: 303-328-4445

E-mail: navdatatechsupport@jeppesen.com

NavData Alerts are published to advise users of significant issues in Jeppesen navigation data which may affect flight operations or safety. They are distributed to affected ARINC 424 NavData users (avionics companies and other raw data users) and airlines receiving NavData directly from Jeppesen. Alerts are not distributed by Jeppesen to individual airline, business aviation or general aviation pilots, but are available to them on the Jeppesen Web site, www.jeppesen.com. Different avionics equipment and computer systems use and display NavData and data derived from NavData differently. Avionics users should consult with their database update service provider for definitive information on whether their system is affected by this Alert.
